You wanted  
someone that  
can give you a

I know you  
didn't want  
someone  
like me

**GASP**

Before I even understood everything, because my parents and little sister died in an accident and I was raised by my stepmom

I had a strong want for a "family"

You wanted someone that can give you a child right?

When we broke up it was like the storm had departed

I just saw  
her as  
someone  
that would  
give me a  
child

Because of my  
wound for a  
"family"

Even though  
I know I  
won't be  
able to have  
a family  
like that  
with him

I still  
want to  
stay by  
his side

THE GREAT FLOODING 10-58

It came naturally. In other words when making the story I naturally solidified the character. Since the time I came up with Takum-san his hairstyle was already decided. It was really difficult to draw that seaweed head of his was really mitching.

### Love in a locked room.

The story of how Reym-san drew live for the 10th anniversary release. With one step forward from the 30th anniversary(?) the theme was 'stopping just before'. The person in charge told me, 'its stopping just before but there can be sex' 'What do you mean?' was what I said, and this is how the story turned out. The story seems to be really highspec and dunny.

Being able to compile all the things I drew and have it released as a comic makes me extremely happy (tears). I'm really thankful to the person in charge of keeping an eye on my work. Thanks for not abandoning me. And for the others who are involved with the book the designers, editors and many others I am extremely grateful. And thanks to my roommate and friends who always cheer me up. And most of all to those who bought the book. I am especially grateful to you. I hope to see you guys again somewhere. Kawaii
